

Outstanding teaching at Alderman Knight School

A lesson is more likely to be outstanding when **AKS** is used:

- A** = Assessment - including checking pupils' understanding throughout and at the end of lessons, use of questioning, and marking of work which tells pupils how they can improve their work.
- K** = Kinaesthetic and a variety of learning approaches and activities including visual, auditory, effective use of ICT, collaborative learning and creative ideas, which inspire pupils.
- S** = Excellent subject knowledge delivered with enthusiasm, thorough knowledge of pupils ensuring highly personalised targets.
