

Term 5 Termly Overview for 4B

Subject & Teacher	Subject Overview	Subject specific key words to practise with your child
<p>English Miss Irwin</p>	<p>4B will be learning about the world of work in the component 'The Next Step' which is all about communication related to further education, volunteering, jobs and careers. We will be consolidating our knowledge of language related to the world of work. This will include: identifying and applying formal and informal language, reading and understanding job and college adverts, filling out forms, applications, CVs and preparing for an interview. <i>You may choose to print the sheets out, or read the work on screen and use pencil and paper to complete the answers.</i></p>	<p>Formal Informal CV Yours sincerely Yours faithfully</p>
<p>Maths Mrs Brown</p>	<p>This term activities will be set on My Maths about Geometry in order to consolidate the work covered in the Entry Level Certificate practice worksheets available on the school google drive. Tasks will be set at individual levels and will include recognising and naming 2D and 3D shapes as well as using and understanding positional vocabulary. Pupils will understand angle as a measure of turn and identify a right-angled triangle. If opportunities arise at home please encourage pupils to recognise and name shapes such as squares, rectangles, triangles, circles and cubes and describe their properties.</p>	<p>Pentagon Hexagon Octagon Pyramid Sphere</p>
<p>Science Mr Bentley</p>	<p>As part of Science we are completing a component on the human body: learning how the tissues, organs and other body systems work. We will explore the respiratory system and learn how we can be healthy through exercise. We will also explore why having a healthy diet is also really important and how we use food to produce energy. We will also look at the different parts of our blood and how our white and red blood cells help us fight infection.</p>	<p>Tissues Organs Respiration White Blood Cells Red Blood Cells</p>
<p>DT Miss Attenborough</p>	<p>This project will take you through some of the key steps of the designing process. Using "Space" as a starting point, you will design and develop a new product. This will help develop your skills and be as creative as you like.</p>	<p>Mood Board Design Space Materials Ideas</p>

RE Mrs Lamburn	During online learning this term pupils will be thinking about the moral aspects of <u>animal rights</u> . Pupils will work towards producing an information leaflet on <u>one</u> area of animal rights; endangered species, testing on animals, vegetarianism, the fur trade, blood sports (e.g. fox hunting) or animal rights activists. Questions will be provided each week so that pupils can begin to formulate and consider some of the moral issues that this sensitive topic raises, e.g. What are the basic needs of a pet? What does the law say about owning pets? How do humans treat and use animals, is this good or bad? Do animals have rights and if so what type of rights? What do religions say about the relationship of humans and animals? The information leaflet can be made by hand or by using ICT and the only criteria is that it should show knowledge of the area of animal rights selected.	Animal rights Endangered Species Vegetarianism Fur Trade Blood Sports (e.g. fox hunting), Activists
Art Mr Bentley	As part of Art we will be exploring art produced by Van Gogh, they will be looking at a few examples of his famous work including the Sunflowers and the Starry Night. We will look and talk about the different colours, shapes and images that he uses. We will then use his art work as inspiration to produce our own Art work. Our first painting will be looking at an image from our Window, we will then move onto painting natural and human objects using our own styles inspired by his work.	Texture Pattern Natural Perspective Surrealism
PSD Asdan Mr Bentley	As part of PSD ASDAN we will be competing our final unit learning about the skills and qualities that employees need to have when they are looking for jobs. We will examine jobs that we find interesting and look at different job requirements. We will learn to identify some of our personal skills and qualities then explore how we can develop skills in the future. We will also learn how to write a basic CV and job application.	Employer Rights Personal Qualities Skills
Life Skills Mr Bentley	As part of Life Skills we will be learning about travel - we will be using the internet to explore places in the United Kingdom and the wider world that we could visit in the future. We will look at different types of holidays that people could experience including camping and adventure holidays, city breaks and beach holidays. We will learn about the benefits of holidays and some of the dangers. We will also learn how to plan an exciting adventure in the future and all the things that we might want to take with us.	Transportation Travel Passport Visa
PE and Games Mr Hunt and Mr Hughes	During their online learning opportunity, pupils will recap on topics taught throughout the year and the coaching points and rules involved for each sport. Pupils can then be given tasks they can complete at home to practise some of these skills.	Consistency Fair Respect Sportsmanship/Sportswomanship
