

Staying Safe Online

Most of us and our children use social media and online apps to stay in touch. Keeping ourselves and our children safe is a challenge, and teaching our children to use the internet safely and responsibly can be difficult. Here are a few tips on how to stay safe online.

PUPIL AND STUDENT TIPS TO STAY SAFE ONLINE:

- Before posting anything online you should think about the impact what you do might have on another person, your future and the consequences of that content.
- To keep safe online you should not post your full name and address, where you live and your school.
- If someone is being bullied talk to an adult you trust (parent, carer, and teachers) and keep evidence of it.

Report, Block and Ignore

PARENT TIPS TO STAY SAFE:

- Use technology in a shared family room.
- Check the age rating of the games your child plays.
- Develop trust
- Listen to your child.
- Set up appropriate controls, the link below may help

WHAT COULD BE THE DANGER SIGNS?

- Using technology excessively.
- Staying online through the night.
- Being secretive about what they are doing.
- Behaving very differently in what they wear, their attitudes or friends.

WHAT WE DO AT ALDERMAN KNIGHT SCHOOL:

All groups follow a curriculum that includes online safety and digital literacy. These lessons are tailored to be age and group appropriate. All Pupils at KS4 achieve an external online safety qualification. We work closely with the local police, and are members of the national online safety group. We have installed thorough and bespoke Internet filtering and surveillance software by E-Safe.
